

Making the switch has never been so easy!

ezSWITCH from State Bank Financial,
the fastest, easiest way to move your account

Everything you need to easily change banks.

Changing banks can seem like an insurmountable task: moving your direct deposits, changing your direct debit items, setting up new bill pay accounts. That's why State Bank Financial has designed this Switch Kit to make changing banks as simple as possible. We've provided a Checklist and a Direct Deposit/Auto-Payment Checklist to make this process even easier! Make the switch to State Bank Financial today.

Only four steps: It's really that easy!

First: Open the State Bank Financial checking account that fits your needs.

Visit any State Bank Financial location to open a checking account and request your debit card. During your visit, we'll work with you to complete the process.

Second: Change/set up your direct deposits.

We'll work with you to switch or start all of your direct deposit transactions. If you receive direct deposits from a government agency, we'll call and request the change the very day you're in the bank to open the account. Just complete the Direct Deposit Change Request Form.

Third: Change any automatic debit payments.

Provide us with a copy of your last bank statement, and we'll identify all the transactions that may be automatically debited. Then, we'll work with you to complete an Auto-Payment Form for each company that may debit your account, alerting them to the change and asking them to re-direct the debit to your new State Bank Financial account. Depending on your comfort and balances, it may be best to stop all direct debits first and then restart them at a later time at State Bank Financial. This will ensure you avoid having a negative balance in your old account. If you would like to use Online Bill Pay, we'll work with you to set up this easy-to-use service.

Fourth: Close your old account.

Once all your deposits and auto-payments are switched to State Bank Financial, you're ready to close the old account. Just complete the Account Closing Authorization Form and mail it to your previous bank.

Remember, our friendly team members are ready to assist you each step of the way! However, if you prefer to complete the paperwork, feel free to do so. Just complete the necessary forms and mail!

Changing your bank checklist

When you use the State Bank Financial Switch Kit, changing banks is easy. This handy checklist will help you track your progress. Simply check the box next to the items you've completed:

- Open your new State Bank Financial checking and/or savings account and make your initial deposit.**
- Sign up for online banking so that you can control when you pay your bills through your new State Bank Financial checking account.**
- Make certain enough funds are available in your "old" account (at your previous financial institution) to cover any automatic payments that may have not yet been transferred and to also cover any checks that may not have cleared that account.**
- Send written notice to your direct deposit vendors (payroll, Social Security, etc.) alerting them to send direct deposits to your new State Bank Financial account. Be sure to use the State Bank Financial Direct Deposit Authorization form to assist in this process.**
- Send written notice to the vendors who directly debit your account for payments (utilities, insurance, etc.) alerting them that you have closed your "old" account. Use the State Bank Financial Auto-Payment Change Request form to assist in this process**
- Confirm all direct debits have moved.**
- Confirm all direct debits have stopped on the "old" account.**
- Confirm all checks have cleared the "old" account.**
- Send written notice to your previous financial institution to close the old account. Use the Account Closing Authorization form.**
- Set up your payees in Bill Pay and create a payment schedule that works best for you! Use our State Bank Financial Payee Checklist to ensure you don't miss a payment.**
- Remember our new account specialists will help you as needed with each of these steps!**

To ensure you've changed all your direct deposits and auto-payments, let's identify what needs changing before completing the forms included in the Switch Kit. You'll see just how easy it is to switch to State Bank Financial!
